TO: WORKFORCE DEVELOPMENT COMMUNITY

SUBJECT: MORATORIUM ON CASE MANAGEMENT SYSTEM PURCHASES

The purpose of this information notice is to announce a moratorium on certain technological purchases. Effective August 1, 2007, a six-month moratorium will be placed on requests submitted to purchase case management systems or case tracking systems. This moratorium is imposed because the department's Workforce Services Branch and Information Technology Branch are exploring the feasibility of replacing the Job Training Automation (JTA) system. During this time, there will be an evaluation of the required system parameters and operating requirements. As such, any case management or tracking systems purchased during this period could be incompatible with new system specifications.

When the moratorium has ended and case management or tracking systems are requested, they will be evaluated for compatibility with the new operating system.

If you have any questions, please contact Bob Stadler at (916) 654-9316.
